2019 Membership Survey

A membership survey was mailed out to all current SAS members on July 26th, 2019. This survey is an opportunity for every SAS member to contribute. Your input is important in shaping the direction of the SAS and will be helpful in establishing priorities for the next funding application in late 2019. Results of this survey and the member consultation event will be shared in the November issue of the Quarterly. We will also be visiting with the SAS Chapters over the fall and winter for feedback from the Chapters. This survey is an opportunity for every SAS member to contribute. Saskatoon: La Rábida (July to October 2019) - Wanuskewin Heritage Park

La Rábida is a Franciscan monastery overlooking the mouth of the Rio Tinto near the small town of Palos de la Frontera on the Atlantic coast of Spain. Christopher Columbus set sail from this place in August 1492 confident he would find a new route to Asia. He landed instead on an island in the Caribbean Sea. The cultural confrontation that followed his landing is the inspiration and subject of this exhibition. The development of La Rábida, Soul of Conquest: an Anishinaabe encounter began in 2015 and 2016, when artist Bonnie Devine visited Spain intending to examine the legacy of Columbus from

happened on the monastery at La Rábida. Using primary source material gathered from Europe and the Americas, including the 1493 Papal Bull Inter Caetera – the Doctrine of Discovery, the Nueva Corónica y Buen Gobierno by Guáman Poma from 1615, and the current town seal of Whitesboro, New York, among others, Devine documents the enduring impact of the Columbus landing in painting, drawing, video, sculpture and an original commissioned choral work by David DeLeary. This exhibition comes at a pivotal time when public and government attention is focused on the Truth and Reconciliation process. Devine's work in La Rábida draws on a repository of historic documents, monuments, and texts that report the violence and injustice of colonialism. The practice of truth telling is not new – some of the accounts cited in Devine's exhibition date from as early as the era of initial contact. That these accounts are publicly accessible, yet largely ignored in dominant historical narratives reveals how easily power structures are maintained. Devine presents these documents with a stark honesty that lays bare the ongoing insidious effects of colonization.

Saskatoon: Fireside with Lyndon - The Story of the Whitecap Dakota First Nation (August 6th, 2019, 7:00 pm) - Remai Modern (102 Spadina Crescent East)

Fireside conversation for August 6, 2019 will be with Chief Darcy Bear and others about the story of the Whitecap Dakota First Nation. The Whitecap Dakota First Nation is part of the larger Dakota-Nakata-Lakota Nations whose lands and territories extended into both Canada and the United States. The Dakota were military allies of the British Crown and helped them win the War of 1812. The Dakota made several treaties with the British Crown as early as 1762. The British promised to always protect and honour the promises made to the Dakota. In 1862, following an uprising in Minnesota, the Dakota, led by Chief Whitecap, Chief Standing Buffalo and Chief Littlecrow, followed their old trade routes along the Souris River and entered their old territories but they were confronted with a new border they helped create during the War of 1812. After reminding the Canadian officials of the treaties made with the British Crown, the Dakota were given reservations in Canada, and Whitecap eventually settled to their current location in 1879. In August, 1882, Chief Whitecap counselled John Lake on the location for a

schools, poverty and loss of culture. Today, Whitecap Dakota First Nation has a Casino, an award-winning Golf Course, houses for sale to the general public, a store, a school, a 5% to 7% unemployment rate and many other accolades and are in the process of building a hotel. Join Fireside with Lyndon and come listen to their story!

Saskatoon: Little Stone Schoolhouse Open House (August 8th to 10th, 2019) - College Drive
Come visit and learn about Saskatoon's first public schoolhouse! The original Victoria School, now known as the Little Stone Schoolhouse (LSS), was built in 1887 by Alexander Marr. As Saskatoon's first school and public building, the one-room school house was used until a two room school house was constructed in 1905, followed by an even larger Victoria School in 1909. In 1911 the Imperial Order Daughters of the Empire raised funds to preserve and relocate the building to the University of Saskatchewan campus. Almost 50 years later, in 1967, the Saskatoon Council of Women raised money to renovate the building and officially opened the LSS as a museum. Later that year, the LSS was declared a Municipal Heritage Site and eventually Provincial Heritage Property in 1982. Located just off College Drive (use the Hospital Drive turnoff), the Little Stone Schoolhouse will be open from 1-4 pm each day with staff on hand to answer any questions and provide context to the building's rich history.
